

### Coloured Bezel Kit for LEDsmart and RAPIX Push Button Dimmers/Switches/Timers

This kit allows LEDsmart Push Button Dimmers, Switches and Timers and RAPIX Modular Push Button Switches to be customised to provide a blue, orange or green indicator, rather than the standard white indicator.

The Retaining Bezel on a LEDsmart or RAPIX Push Button is supplied with a clear finish. This allows the white LED indicator to provide a white glow around the button. The clear bezel can be replaced with a green, orange or blue version supplied in the kit. This changes the colour of the LED indicator from white to the colour of the replacement bezel.

#### Kit contents

A - Bezel and Dial Removal Tool

B – Push Button Retaining Bezel – Orange

C - Push Button Retaining Bezel – Blue

D - Push Button Retaining Bezel – Green

#### Installation

Use the Bezel and Dial Remove Tool (A) to engage with the slot on the side of the push button housing, as shown above.

Push the tool into the slot until the clear bezel around the button releases from the housing. **Repeat** the process on the other side of the housing.

The clear bezel can now be lifted up to remove from the housing.

Take a required coloured bezel from the kit. The coloured bezel fitted. Place the bezel into the housing, ensuring the four bezel legs line up with the bezel retaining holes in the housing. Push the bezel firmly into place.
